PROGRAMME REPORT

Name of the Programme: A five days Faculty Development Program on “Control System and Sensor Technology”.

Date: 28-10-2019 to 02-11-2019

Details of the Resource Person:

- **Name:** Mr.G.Balram
- **Designation:** Assistant Professor
- **Department:** Electrical and Electronics Engineering
- **Organization:** SR University, Hanamkonda
- **Email Id:** Balramgyadari@gmail.com
- **Contact Number:** 9866042869

Objective: Trinity College of Engineering and Technology had successfully organized A five days Faculty Development Program on “Control System and Sensor Technology”. The main aim is to recognize the role of Sensors in industry & industrial challenges, development of trained resources in Control Technology.

Topics Covered:

- Introduction to Sensor Technology and Industry Overview Sensor
- Technology in EV
- Digital control techniques for Smart grid
- Intelligent wireless Sensor Network
- Sensors as tool to enhanced Automation
- Hands-on practice using DSP controlled drives and
- MATLAB applications.

Outcome of the Programme: An open feedback was collected from the faculty members and they convey that the program was an Interaction of the participants with the experts, development of laboratory exercises related to Sensors Technology and manpower development in the area of Sensors Technology.

DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

ABOUT THE INSTITUTE

Trinity College of Engineering Technology, Karimnagar has been structured to take head on the changing trends of technology. The idea of setting up the college emerged when no other college could cater to the needs of a student in his/her endeavour to acquire wholesome education. The very strength of Trinity lies in its principles of providing the right learning environment for the student who does not have to compromise throughout the learning process of becoming global citizen. At Trinity learning pushes all boundaries of conventional thought in pursuit understanding science & Technology of in relation to the society.

ABOUT EEE

Electrical engineering is a field of engineering that generally deals with the study and application of electricity, electronics, and electromagnetism. Electrical engineers deal with the energies from their sources to our homes, factories, offices, hospitals, and schools. It is impossible to visualize the world without electricity. There has been rapid advancement in generation, transmission and distribution technologies, opening up new frontiers. The department initiated developmental activities in the emerging areas of Renewable energy sources like solar energy, wind energy etc.

MAIN OBJECTIVES OF THIS FDP

The main aim is to recognize the role of Sensors in industry & industrial challenges, development of trained resources in Control Technology.

PROGRAMME REPORT

Name of the Programme: A Five Days Faculty Development Program on “Non-Conventional Energy Sources”.

Date: 02-03-2020 to 06-03-2020

Details of the Resource Person:

- **Name:** Mr.K.V.G.Praveen
- **Designation:** Assistant Professor
- **Department:** Mechanical Engineering
- **Organization:** GIET Engineering College
- **Email Id:** praveenmech@gite.ac.in
- **Contact Number:** 8499063164

Objective: Trinity College of Engineering and Technology had successfully organized A Five Days Faculty Development Program on “Non-Conventional Energy Sources”. The Main aim is to introduces solar energy’s radiation, collection, storage and application. And also to introduces the Wind energy, Biomass energy, Geothermal energy and ocean energy as alternative energy sources.

Topics Covered:

- Principles Of Solar Radiation, Solar Energy Collection
- Solar Energy Storage And Applications, Wind Energy.
- Photovoltaic Energy Conversion, Bio-Mass
- Geothermal Energy, Energy Conversion

Outcome of the Programme: An open feedback was collected from the faculty members and they convey that the program was extremely helpful to understand the principles of solar energy and solar energy collection and applications of solar energy such as solar heating, solar distillation and photo voltaic energy, principles of Bioconversion, Fuel cells and MHD power generation.

ABOUT THE INSTITUTE

Trinity College of Engineering Technology, Karimnagar has been structured to take head on the changing trends of technology. The idea of setting up the college emerged when no other college could cater to the needs of a student in his/her endeavour to acquire wholesome education. The very strength of Trinity lies in its principles of providing the right learning environment for the student who does not have to compromise throughout the learning process of becoming global citizen. At Trinity learning pushes all boundaries of conventional thought in pursuit understanding science & Technology of in relation to the society.

ABOUT MBA

The department offers soft-skills, case-studies, group discussions, expert Professional-Guest & Technical Lectures and Industrial Tours & Visits in addition to their curriculum which in-turn provide, rich professional experience which will be helpful in their professional career and stimulate simulative behaviour in their employment career. The management course has its stand at the helm as any position in the career finally culminates in administration of management. Hence, no specific mention is needed for acquiring additional academic distinction by the technocrats for highly successful career.

MAIN OBJECTIVES OF THIS FDP
