CIRCULAR

This is to inform that Trinity College of Engineering and Technology, Karimnagar is organizing a five days faculty development program on trending technology in “**Natural Language Processing**” from **18-06-2018 to 22-06-2018**. All the faculty members of concerned department are requested Register and to attend the program.

PROGRAMME REPORT

Name of the Programme: A Five Days Faculty Development Program on “**NATURAL LANGUAGE PROCESSING**”.

Date: 18-06-2018 to 22-06-2018

Details of the Resource Person:

- **Name:** Mr.K.Nagaraju
- **Designation:** Assistant Professor
- **Department:** Computer Science Engineering
- **Organisation:** GIET Engineering College
- **Email Id:** nagaraju@giet.ac.in
- **Contact Number:** 9989442311

Objective: Trinity College of Engineering and Technology had successfully organized A Five Days Faculty Development Program on “**NATURAL LANGUAGE PROCESSING**”. The aim is to empowering the young talent through quality education and innovative engineering for the well being of society. Provide quality education with creative methodology and intellectual human capital. Provide conducive environment for research and developmental activities.

Topics Covered:

- Introduction & text classification Language modeling and sequence tagging
- Vector Space Models of Semantics.
- Syntactic Processing.
- Sequence to sequence tasks.
- Dialog Systems.
- Unification -based NLP and Semantics.

Outcome of the Programme: An open feedback was collected from the faculty members and they convey that the program was extremely helpful for covering a forum for faculty members to get exposed to the state of the art of research and development in the field of National Language Processing. The course will also help to identify future research needs in the interdisciplinary emerging field.

DEPARTMENT OF COMPUTER SCIENCE ENGINEERING

ABOUT THE INSTITUTE

Trinity College of Engineering Technology, Karimnagar has been structured to take head on the changing trends of technology. The idea of setting up the college emerged when no other college could cater to the needs of a student in his/her endeavor to acquire wholesome education. The very strength of Trinity lies in its principles of providing the right learning environment for the student who does not have to compromise throughout the learning process of becoming global citizen. At Trinity learning pushes all boundaries of conventional thought in pursuit understanding science & Technology of in relation to the society.

ABOUT CSE

Department of CSE is impart Technical & Research based quality education and to develop innovative skills among the students and to enrich the academic activities through continual improvement in the teaching and learning process. Computer Science Engineering was established in the year of 1994. The primary goal of CSE is to provide best IT infrastructure, world class learning & research environment, adopt industry practices through industry collaborations and inculcate moral and ethical values.

MAIN OBJECTIVES OF THIS FDP

The aim is to empowering the young talent through quality education and innovative engineering for the well being of society. Provide quality education with creative methodology and intellectual human capital. Provide conducive environment for research and developmental activities.

Topics Covered:

- Introduction & text classification
Language modeling and sequence tagging
- Vector Space Models of Semantics.
- Syntactic Processing.
- Sequence to sequence tasks.
- Dialog Systems.
- Unification -based NLP and Semantics.

REGISTRATION

There is NO Delegation Fee. Maximum Number of participants are allowed.

Confirmation of the participation will be communicated through phone or e-mail. Selection of the participants will be based on First Come First Serve Basis.

The interested candidates are here by requested to send their Registration form or personal details in person or through Email

PROGRAMME REPORT

Name of the Programme: A 5 Days Faculty Development Program on “**Real-Time Simulation For Power Electronics And Power Systems Applications**”

Date: 27-08-2018 to 31-08-2018

Details of the Resource Person:

- **Name:** Mr.Shiva Thumala
- **Designation:** Assistant Professor
- **Department:** Electrical and Electronics Engineering
- **Organization:** Jyothishmati Institute Of Technology And Science, Karimnagar.
- **Email Id:** thumala.shiva007@gmail.com
- **Contact Number:** 9391322893

Objective: Trinity College of Engineering and Technology had successfully organized a Five Days Faculty Development Program on “**REAL-TIME SIMULATION FOR POWER ELECTRONICS AND POWER SYSTEMS APPLICATIONS**”. The main objective of the Program is to provide modeling, simulation and real-time simulation of power converters.

Topics Covered:

- Mathematical modeling of power converters, apparatus and networks.
- Numerical techniques, offline simulation and simulation exercises.
- Introduction to an educational real-time simulator developed as part of a national project.
- Hands-on sessions on the educational real-time simulator.
-

Outcome of the Programme: An open feedback was collected from the faculty members and they convey that the program was extremely helpful for covering researchers and practicing engineers who are interested in modeling, simulation and real-time simulation of power converters, power apparatus and networks.

DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

ABOUT THE INSTITUTE

Trinity College of Engineering Technology, Karimnagar has been structured to take head on the changing trends of technology. The idea of setting up the college emerged when no other college could cater to the needs of a student in his/her endeavour to acquire wholesome education. The very strength of Trinity lies in its principles of providing the right learning environment for the student who does not have to compromise throughout the learning process of becoming global citizen. At Trinity learning pushes all boundaries of conventional thought in pursuit understanding science & Technology of in relation to the society.

ABOUT EEE

Electrical engineering is a field of engineering that generally deals with the study and application of electricity, electronics, and electromagnetism. Electrical engineers deal with the energies from their sources to our homes, factories, offices, hospitals, and schools. It is impossible to visualize the world without electricity. There has been rapid advancement in generation, transmission and distribution technologies, opening up new frontiers. The department initiated developmental activities in the emerging areas of Renewable energy sources like solar energy, wind energy etc.

MAIN OBJECTIVES OF THIS FDP

The main objective of the Program is to provide modeling, simulation and real-time simulation of power converters.

TOPICS COVERED

- Mathematical modeling of power converters, apparatus and networks.
- Numerical techniques, offline simulation and simulation exercises.
- Introduction to an educational real-time simulator developed as part of a national project.
- Hands-on sessions on the educational real-time simulator.

REGISTRATION

There is NO Delegation Fee. Maximum Number of participants are allowed.

Confirmation of the participation will be communicated through phone or e-mail. Selection of the participants will be based on First Come First Serve Basis.

The interested candidates are here by requested to send their Registration form or personal details in person or through Email

E-MAIL: trinity.tctk@gmail.com

PROGRAMME SCHEDULE

27-08-2018:

09.30 AM to 10.00 AM Inauguration. 10.00 AM to 11.00 AM Art of teaching develop a student Centric Classroom. 2.00 PM to 5.00 PM Teacher Leadership Effective facilitation.

31-08-2018:

- Balancing Personal and Professional Goals via Effective Prioritization.

– Presentation and Valedictory.

IMPORTANT DATE

Last Date for Registration: 25-08-2018

RESOURCE PERSON

Mr.Shiva Thumula, Asst.Prof

JITS, Karimnagar

PROGRAMME REPORT

Name of the Programme: A Four Days Faculty Development Program on “**LIFE SKILLS EMPOWERMENT**”.

Date: 07-01-2019 to 10-01-2019

Details of the Resource Person:

- **Name:** Mr.K.V.G.Praveen
- **Designation:** Assistant Professor
- **Department:** Mechanical Engineering
- **Organization:** GIET Engineering College
- **Email Id:** praveenmech@gite.ac.in
- **Contact Number:** 8499063164

Objective: Trinity College of Engineering and Technology had successfully organized A Four Days Faculty Development Program on “**LIFE SKILLS EMPOWERMENT**”. The main goal is to enhance the development of basic life skills, personal competence, and skills related to resistance to social influences that promote substance use. To encourage critical thinking foster in dependence and help people to communicate more effectively.

Topics Covered:

- Core Life Skills: Social & Negotiation Skills
- Self-Awareness; Methods and Strategies for nurturing Self-Awareness
- Self-Exploration, Effective Communication
- Thinking Skills: Critical Thinking: Analytical Thinking, Strategies to enhance Critical Thinking
- Skill of building Self-confidence and Self-Motivation, goal Setting, time management
- Concept and strategies to promote Healthy Life Style Skills, Life skill Education for Teachers
- Entrepreneurship and Research Methodology

Outcome of the Programme: An open feedback was collected from the faculty members and they convey that the program was extremely helpful for the faculty to understand with the latest tools and techniques for effective teaching using life skill education and their role as motivators, facilitators, mentor and guide for helping students in achieving excellence.

DEPARTMENT OF HUMANITIES AND BASIC SCIENCE

ABOUT THE INSTITUTE

Trinity College of Engineering Technology, Karimnagar has been structured to take head on the changing trends of technology. The idea of setting up the college emerged when no other college could cater to the needs of a student in his/her endeavour to acquire wholesome education. The very strength of Trinity lies in its principles of providing the right learning environment for the student who does not have to compromise throughout the learning process of becoming global citizen. At Trinity learning pushes all boundaries of conventional thought in pursuit understanding science & Technology of in relation to the society.

ABOUT HBS

Science & Humanities department handles engineers, technologists in the making to become more enlightened intellectually and analytically. It is a cardinal rule that it is difficult to advance by ignoring science and humanities in the days of globalization.

It is mandatory on every student's part to realize the true potential of science & humanities and enrich him/her to acquire basic strength for a enviable future. The name itself denotes that it is the foundation of all sciences and elementary understanding of how people think and behave. Educational arena is incomplete without this department.

MAIN OBJECTIVES OF THIS FDP

The main goal is to enhance the development of basic life skills, personal competence, and skills related to resistance to social influences that promote substance use. To encourage critical thinking foster independence and help people to communicate more effectively.

Topics Covered:

- Core Life Skills: Social & Negotiation Skills
- Self-Awareness; Methods and Strategies for nurturing Self-Awareness
- Self-Exploration, Effective Communication
- Thinking Skills: Critical Thinking: Analytical Thinking, Strategies to enhance Critical Thinking
- Skill of building Self-confidence and Self-Motivation, goal Setting, time management
- Concept and strategies to promote Healthy Life Style Skills, Life skill Education for Teachers
- Entrepreneurship and Research Methodology

PROGRAMME REPORT

Name of the Programme: A five days Faculty Development Program on “**Recent Advancements in XILINX and ASIC Designs**”.

Date: 08-04-2019 to 12-04-2019

Details of the Resource Person:

- **Name:** Dr.T.Srinivas
- **Designation:** Professor
- **Department:** Electronics and Communication Engineering
- **Organization:** Mother Theresa College of Engineering & Technology, Peddapalli.
- **Email Id:** tspdpl@gmail.com
- **Contact Number:** 9849472523

Objective: Trinity College of Engineering and Technology had successfully organized a Five Days Faculty Development Program on “**Recent Advancements in XILINX and ASIC Designs**”. The main objective of the Program is make more efficient usage of hardware resources. Keep a deployed system operational while application changes are made. Reduce dynamic power consumption.

Topics Covered:

- Introduction on Xilinx, FPGA and its overview.
- Introduction and Recent Trends in Xilinx FPGA's.
- ASIC Design and VLSI DSP Architecture.

Outcome of the Programme: An open feedback was collected from the faculty members and they convey that the program was extremely helpful for covering the topics related to the information to gain knowledge on most of the recent tools used in VLSI Design and to improve the teaching and research skills of the participants.

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

ABOUT THE INSTITUTE

Trinity College of Engineering Technology, Karimnagar has been structured to take head on the changing trends of technology. The idea of setting up the college emerged when no other college could cater to the needs of a student in his/her endeavour to acquire wholesome education. The very strength of Trinity lies in its principles of providing the right learning environment for the student who does not have to compromise throughout the learning process of becoming global citizen. At Trinity learning pushes all boundaries of conventional thought in pursuit understanding science & Technology of in relation to the society.

ABOUT ECE

It has an array of courses for students to choose and study such as power electronics, information technology, electronic hardware and software, automation, robotics and control, communications, radio and television, computer engineering, solid – state devices, microelectronics, VLSI and other circuits & systems used in varying application ranging from simple circuits to sophisticated digital satellite systems

MAIN OBJECTIVES OF THIS FDP

The main objective of the Program is making more efficient usage of hardware resources. Keep a deployed system operational while application changes are made. Reduce dynamic power consumption.

TOPICS COVERED

- Introduction on Xilinx, FPGA and its overview.
- Introduction and Recent Trends in Xilinx FPGA's.
- ASIC Design and VLSI DSP Architecture.

REGISTRATION

There is NO Delegation Fee. Maximum Number of participants are allowed.

Confirmation of the participation will be communicated through phone or e-mail. Selection of the participants will be based on First Come First Serve Basis.

The interested candidates are here by requested to send their Registration form or personal details in person or through Email
